

Symposium for the next generation of stem cell researchers

SY Stem

21–23 March 2019

Keynote speakers

Janet Rossant
SickKids Research Institute

Jonas Frisé
Karolinska Institute

Speakers

Jimena Andersen, Stanford University
Thorsten Boroviak, University of Cambridge
Déborah Bourc'his, Institut Curie
Joshua Brickman, University of Copenhagen
Marieke Essers, DKFZ
Carolina Florian, Center of Regenerative Medicine
Elisa Gomez Perdiguero, Institut Pasteur
Petra Hajkova, London Inst. of Medical Sciences
Katsuhiko Hayashi, Kyushu University
Eva Hoermanseder, Institute of Epigenetics and Stem Cells
Huili Hu, Hubrecht Institute
Marlen Knobloch, University of Lausanne
Karl Koehler, Indiana University School of Medicine
Madeline Lancaster, MRC Laboratory of Molecular Biology
Joo-Hyeon Lee, Cambridge Stem Cell Institute
Pablo Navarro, Institut Pasteur
Christian Petersen, North Western University
Gregor Pilz, University of Zurich
Nicolas Rivron, Maastricht University
Fredrik Salmén, Hubrecht Institute
Juanma Vaquerizas, Max Planck Institute for Molecular Biomedicine
Ashley Webb, Brown University

Organizers

Elly Tanaka
Ulrich Elling
Noelia Urbán

Juergen Knoblich
Bon-Kyoung Koo
Kikuë Tachibana
